

Sam's Vegetable Plot.

Sam is planting onions in the vegetable plot in his garden.
He arranges the onions into rows of 4 and has two left over.
He then arranges them into rows of 3 and has none left over.
How many onions might he have had?

Explain your reasoning.

Draw you arrays here;

A large, empty rectangular box with a black border, intended for drawing arrays.

Reasoning (how do you know you are right?) Use \times and \div calculations;

A large, empty rectangular box with a black border, intended for writing reasoning and calculations.
