

Incredible Inventions!

These 8 inventions changed the world! Using the information given, work out either the Roman Numerals or the Arabic system (our number system 1, 2, 3, 4 etc.). Finally, put the inventions in chronological (time) order from oldest to most recent.

Automobile Arabic: 1886 Roman:	Mobile phone Arabic: 1973 Roman:	Personal Computer Arabic: <hr/> Roman: MCMLXXI	Aeroplane Arabic: <hr/> Roman: MCMIII	Penicillin Arabic: 1928 Roman:	Refrigerator Arabic: <hr/> Roman: MDCCCXXXIV	Electronic television Arabic: 1927 Roman:	Bagless vacuum cleaner Arabic: <hr/> Roman: MCMLXXXIII
							

Incredible Inventions **Answers**

The 8 inventions below changed the world! They were all invented or discovered in different years. Can you give the year for each invention in both Arabic numerals and Roman numerals? Then cut out the inventions and place them on the timeline in the order they were invented or discovered, with the earliest first.

Refrigerator Arabic: 1834 Roman: MDCCCXXXIV 	Automobile Arabic: 1886 Roman: MDCCCLXXXVI 	Aeroplane Arabic: 1903 Roman: MCMIII 	Electronic television Arabic: 1927 Roman: MCMXXVII 	Penicillin Arabic: 1928 Roman: MCMXXVIII 	Personal Computer Arabic: 1971 Roman: MCMLXXI 	Mobile phone Arabic: 1973 Roman: MCMLXXIII 	Bagless vacuum cleaner Arabic: 1983 Roman: MCMLXXXIII
